As a former System Administrator turned Software Developer using JavaScript, Golang, Python, Node.js, React, Express, and SQL; I am looking for opportunities to impact thought process, increase efficiency, and contribute to the overall growth of a company. Likewise, I would also like to grow and develop in an agile and forward-thinking environment.

SKILLS

Python, JavaScript, Express.js, Node.js, PostgreSQL, AWS, HTML/CSS, React, Golang

EDUCATION

ARIZONA STATE UNVIERSITY   **Tempe, AZ**
Bachelor of Science in Electrical Engineering   *March 2021 – June 2023*
DIGITALCRAFTS   **Atlanta, GA**
Immersive Coding Bootcamp   *October 2020 – February 2021*
LIBERTY UNVIERSITY   **Lynchburg, VA**
Associates of Arts in Interdisciplinary Studies   *January 2016 – June 2017*

PROJECTS

Gamers Paradise (Version 2)   *February 2021*
Social Media Site | Visit Website | Github
Skills & Tools Used: Node.js, React, Express, Sequelize.js, PostgreSQL, Axios
- Gamers Paradise is a social media site to connect gamers and influence cohesion in the gaming community
- AWS was used for CI/CD and to load-balance/reverse-proxy the site using Nginx
- Primary Database Engineer/Architect, Backend Developer, and DevOps Administrator

Gamers Paradise (Version 1)   *January 2021*
Social Media Site | Visit Website | Github
Skills & Tools Used: Node.js, Express, Sequelize.js, PostgreSQL, Axios
- Gamers Paradise is a social media site to connect gamers and influence cohesion in the gaming community
- AWS was used for CI/CD and to load-balance/reverse-proxy the site using Nginx
- Database Engineer/Architect, Backend Developer, and DevOps Administrator

Bank Heist   *October 2020*
